

Weekly Information & Communication

May 23, 2016

Memorial Day Holiday

The state office will be closed Monday May 30th for the Memorial Day Holiday.

Formula Orders

If you are planning on placing any formula orders in June, please have all orders submitted to the state office by June 10th. We will not be placing orders (unless it is necessary) the rest of the month due to end of fiscal year. We will resume ordering on July 1st. Thanks for your understanding.

WIC Position Posting

The Montana WIC Program is seeking a Health Education Specialist to work as part of the vendor/admin team at the State Office. Please review the [position description and application instructions](#). The posting closes June 1, 2016.

Revision of the Nutrition Facts Panel

The Food and Drug Administration has issued its final rule updating the Nutrition Facts Panel that is found on most food packages sold in the United States. You can learn about the new rule [here](#). The change to the new Nutrition Facts Panel will occur over the next couple of years.

Weekly Risk Code Highlight

Risk Code 362, Developmental, Sensory or Motor Disabilities Interfering with the Ability to Eat is defined as Development, sensory or motor disabilities that restrict the ability to intake chew or swallow food or require tube feeding to meet nutritional needs. Disabilities include but are not limited to: Minimal brain function, Head trauma, Brain damage, Birth injury, Feeding problems due to a developmental disability such as pervasive development disorder (PDD) which includes autism, other disabilities. Presence of medical conditions diagnosed, documented, or reported by a physician or someone working under a physician's orders, or as self-reported by applicant/participant/caregiver. See [attached clarification](#) for more information about self-reporting diagnosis. An example of when this would be applicable is when a participant states that her infant has Angelman Syndrome.

IT Pop Quiz

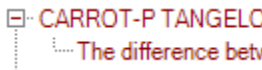

Congratulations to Darcy Hunter of the Gallatin WIC Agency who emailed the first correct answer for the April IT Pop Quiz!

Question: Name at least one possible reason why you can't link Mother and Infant?

Answer: 1) The mother's Actual Delivery Date and the infant's Date of Birth do not match; or 2) the infant is already two-way linked to another participant.

May IT Pop Quiz

Question: What is the reason for this error message?

 **CARROT-P TANGELO**
The difference between the Last Date to Use and current system date is not 31 days or less.

Rather than having the Helpdesk call your Clinic and possibly causing an interruption. Please email your answers to hhswhc@mt.gov.

This institution is an equal opportunity provider.

Help us keep the distribution list updated - send e-mail address changes, additions and deletions to email [Kelly](#) and [Kevin](#) at the WIC State Office.
